

Cloverdale Drugs PHARMACY

We now have available a low cost alternative to Viagra® tablets!

Sildenafil, the active ingredient in Viagra®, is now available in a generic 20mg tablet, and it is **MUCH** cheaper than Viagra®.

Price: 50 Sildenafil 20mg (ten 100mg doses) \$80* VS. \$400 for ten Viagra® 100mg.

Note: This is the FDA approved generic of Revatio® 20mg tablet. The FDA has not approved generic Viagra®, even though the active ingredient is identical, just in a different strength.

It is Cloverdale Drug's desire to assist you in reducing your patients' cost and increasing their ability to pay for their medications.

We CANNOT substitute any prescription (or refill) written for Viagra® without a phone call to the prescriber to get authorization for the following New Rx:

Rx **Sildenafil 20mg #50**
 Take 2-5 tablets as needed

Going forward, just be sure to write all new Rxs for Sildenafil 20mg in the format above.

**As with most generics, Cloverdale Drugs offers great prices based on our acquisition cost. We have no control over our competitor's prices, or if they are even stocking this new generic.*
